Minutes:

Description of the Budget:
This event will enhance student life by educating all students interested in learning more about the Jewish holiday of Rosh Hashana. The program will consist of a short religious ceremony followed by a meal. The evening will focus on educating the students in attendance on the rituals of Rosh Hashanah and better understanding the meaning of the holiday. Although this is a Jewish holiday, all students are welcome and encouraged to join and learn more about the holiday and customs.

Committee Discussion:
CM1: In the past, we have not funded things related to food, so wouldn't we not fund it for this budget?
CM2: I think that the food significance for this event is integral to the success of the event. Also, I see the expenses of the napkins as like how we would approach a request for costumes. Like even if the costume is considered non-unique, it is still important to the success of the play.
CM3: I do think that the food significance is important to this event, therefore we should fund the napkins and tablecloths. However, it is still important to note that we will not be funding food.

SCT Recommendation:		
Recommendation:	SCT recommends full funding to cap of \$4752.27

Minutes:

Description of the Budget:	
<p>The Honor Guards uniform equipment & Prisoner of War / Missing in Action Supplies are used consistently throughout the year and have not been updated for multiple seasons, leaving them worn and stained. All gloves and covers are shared, most being discolored and torn making them not up to our (Honor Guard) nor the air forces standards. These items belong to the Honor Guard and are not issued by the military making them expensive and limited in quantities. Our POW/MIA equipment is also specialized and very worn, it is also very difficult to transport making ceremonies throughout the community difficult to execute. the money from this order would be used to properly update and efficiently restock consumables such as gloves and covers</p>	
Questions from the Committee:	Responses from the Presenter:
Lifespan?	All but gloves are 4 years (gloves are 2-4 years)

Committee Discussion:
<p>CM1: I was kind of confused about why they need the gun case for the new flag stand when they already have a gun case.</p> <p>CM2: The way I see it is that they want both equipments to wear out equally as they are used simultaneously.</p>

CM3: For example, if they bought a new pole and kept the old gun case, the pole might end up damaged because the old gun case breaks

SCT Recommendation:		
Recommendation:	SCT recommends to cap of \$4,997.90

Minutes:

Description of the Budget:	
With this equipment, our organization will be able to improve our ability to play, teach, and run competitive tournaments for the foreseeable future. This equipment will be kept in our designated HUB locker and treated with a high standard of respect during designated times determined by the officers.	
Questions from the Committee:	Responses from the Presenter:
Lifespan of Equipment?	1. Most of equipment is over 4 years except for chalk (1 year)

Committee Discussion:
CM1: Are the chalk and grips integral to the success of the club?
SCT: I think they are, because it might increase their odds of winning
CM2: I am comfortable funding the chalk and grips now, as long as they last at least a year. If they keep on requesting the material earlier than a full year, then maybe that would be an issue that we would have to discuss.

SCT Recommendation:

Recommendation:	Fulling funding of \$2817.79

Description of the Budget:
This event will enhance student life by educating all students interested in learning more about the Jewish holiday of Yom Kippur. The evening will focus on educating the students in attendance on the rituals of Yom Kippur (including traditional break fast meal) and better understanding the meaning of the holiday. Although this is a Jewish holiday, all students are welcome and encouraged to join and learn more about the holiday and customs.

Committee Discussion:
CM1: I was a little concerned about when they mentioned outside sponsorship, it just did not sound detailed.
CM2: When I met with the group and their advisor, it seemed like they had a fair amount of financial backing.
CM3: I think that food is still probably an important part of the event, even if it can be argued that food is not as important as it is for Rosh Hashana.
